ROBIN D. MASSIN  
VICE PRESIDENT  
EXECUTIVE PRODUCER

December 1, 1989

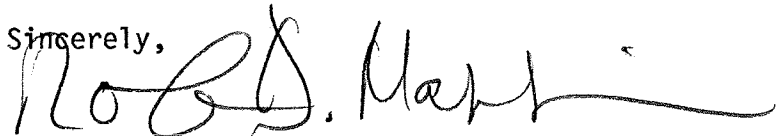

To Sir/Madam:

Recently I have collaborated with Karta Iglesias on several Stouffer's Entrees commercials. During this time I have found Karta to be dedicated to finishing the project thoroughly and prior to the time requested.

His ability to compose appropriate music according to last minute changes has proved itself in numerous projects recently requested of him.

I recommend him to any company that needs a versatile composer that creates music that works extremely well with film and is truly memorable.

Sincerely,
